

BLOHM & VOSS PS 1000 - 2 POWER SLIP

- **API/ISO Rated Load: 1000 sh tons**
- **Fits all 49 1/2" and larger Rotary Tables**
- **Pipe sizes range from 2 3/8" to 22", i.e. drill pipe, casing, tubing & drill collars**
- **Long slip contact length which provides improved slip crush capacity when compared to many other tools**
- **Only three slip assemblies required for full pipe range. Rapid change out to a specific pipe size by means of Insert Carrier systems**
- **Automated Slip Lubrication System**
- **Hydraulic operated Pipe Centering Device**
- **Remote console operation**
- **Equipped with Frank's Interlock System***

*Frank's unique patented Spider-Elevator Interlock System is designed to prevent the elevator or spider from opening unless the companion tool is properly set thus securely gripping the pipe at all times. The Spider-Elevator Interlock System is designed to work with suitably equipped air and hydraulically operated elevators and spiders.
